

Management of Perinatal Opioid Use Disorder

Wednesday, December 18, 2024 12-1 p.m.

Target Audience

All interested providers, nurses and educators caring for prenatal or postpartum patients are welcome.

Learning Objectives

- Consider stigma and bias's impact on care for perinatal patients with opioid use disorder.
- Practice counseling pregnant patients about agonist medications for opioid use disorder.
- Describe at least three options for initiating medications for opioid use disorder.
- Examine acute labor pain management for patients on chronic agonist treatment.
